

Look I pay to have this service, so I DON'T, have to listen to all the crap on the Radio. It is the info I need, at the time I need it. DON'T take this right away from me also. In February you took a lot away, not this to. I think the US Citizens need to take something away from you, say a large part of your pay maybe all of you need to live on \$20,000.00 a year like 50% to 60% of the US. DON'T you all have something better to do with YOUR time! Say get drugs off the streets. Do something to lower the price of gas per gallon. XM Satellite Radio is the best thing GM has come up with in a long time. Thank you that is my time!
